

CLAIMS

I Claim:

- 5 1. A fisherman gripping glove system, comprising:
a glove member having an inner layer, an intermediate layer and an outer layer;
and
a plurality of particulate material contained within said outer layer for
facilitating gripping of a fish.

10

2. The fisherman gripping glove system of Claim 1, wherein said particulate
material is preferably comprised of random structures.

15

3. The fisherman gripping glove system of Claim 2, wherein said particulate
material is preferably comprised of polygonal structures.

20

4. The fisherman gripping glove system of Claim 1, wherein said particulate
material is preferably comprised of polygonal structures.

25

5. The fisherman gripping glove system of Claim 4, wherein said particulate
material is comprised of chippings from a hard material

6. The fisherman gripping glove system of Claim 5, wherein said hard material
is comprised of plastic.

7. The fisherman gripping glove system of Claim 5, wherein said hard material is comprised of polyvinyl chloride.

5

8. The fisherman gripping glove system of Claim 1, wherein said inner layer is a cloth material.

10

9. The fisherman gripping glove system of Claim 1, wherein said intermediate layer is a rubber material.

15

10. The fisherman gripping glove system of Claim 1, wherein said outer layer is a rubber material.

20

11. A fisherman gripping glove system, comprising:
a glove member having an inner layer, an intermediate layer; and
a plurality of particulate material contained within a palm portion of said outer layer for facilitating gripping of a fish.

25

12. The fisherman gripping glove system of Claim 11, wherein said particulate material is preferably comprised of random structures.

13. The fisherman gripping glove system of Claim 12, wherein said particulate material is preferably comprised of polygonal structures.

5 14. The fisherman gripping glove system of Claim 11, wherein said particulate material is preferably comprised of polygonal structures.

10 15. The fisherman gripping glove system of Claim 14, wherein said particulate material is comprised of chippings from a hard material

15 16. The fisherman gripping glove system of Claim 15, wherein said hard material is comprised of plastic.

17. The fisherman gripping glove system of Claim 15, wherein said hard material is comprised of polyvinyl chloride.

20 18. The fisherman gripping glove system of Claim 11, wherein said inner layer is a cloth material.

25 19. The fisherman gripping glove system of Claim 11, wherein said intermediate layer is a rubber material.

20. The fisherman gripping glove system of Claim 11, wherein said outer layer is a rubber material.
